Tevita Kalou a few months before his disease

Tevita a few months later wasting away from acute diabetes..

3rd December 2012

Tevita healed from Acute Diabetes-

Lowering NCDs is Fiji's biggest health battle and has been for many years. All too often we see the horrid casualties of what Diabetes, a Chronic illness in this country, leaves behind. Many have been affected one way or another by this menacing of diseases that often sees severe cases of amputated limbs, or a slow and painful debilitating process towards death.

Tevita Kalou a 56 year old man, full of life and energy is such a man that had suddenly fallen victim to this monster called Diabetes. Only a few months ago, Tevita was solid in stature, fit and healthy he presumed for his age, having served in the military service for this blessed country. That was until the slow progression of this illness of diabetes lead to an acute state of the disease which tried to take his body and reduce him to only skin and bone. Over the past few months before the end of 2012, Tevita's state was grave. He was being eaten from inside as it were, that in a few short months Tevita

found himself more than half his body weight, paralysed in one leg and unable to walk, bathe himself or go to the toilet by himself. The doctors had all but given up as his body was shutting down, having seen this scenario day in and day out, that they held no hope for this man.

But that is exactly what his family had for him...**hope**, albeit small as much as a mustard seed of faith..it was there. Tevita's wife Marica and young son Jone prayed constantly to the Almighty God the Lord Jesus Christ for a miracle..and it came! Ps Leo and his ministers were called in to pray for Tevita **as their last resort**, as now they were desperate. A friend of the family made some calls and asked Ps Leo and the Ministry Team for help as this friend knew very well of the many successful results and healings through Pastor Leo and the ministers.

Ps Leo and the Team ran immediately to Tevita's aid. Upon arriving at Nausori on December 3 Tevita was found lying on the bed barely able to speak with the Pastor, as the light of life was...

Faith is a
substance
that comes
through
hearing the
word of
God..

HEALING IN FIJI

ACCORDING TO
YOUR FAITH LET IT BE
DONE TO YOU..

growing dim within him. Ps Leo then with permission, prayed over Tevita and managed to get his nod to simply BELIEVE that God Almighty would restore him, in the name of Jesus. Ps Leo and the Team then spent a few hours with the family in giving them advise and understanding as to how the Lord would heal Tevita. That it was a 3 part process of concentrating on body, mind and spirit - that is attacking this war on his body on a spiritual and natural front. Marica took close attention to the instructions given by Pastor Leo for Tevita to be healed. Ps Leo promised them that he and the Team would continue to fast for him...

Even though trembling with fear, the family united around their beloved husband and father and in true selfless love (Jones giving up his tertiary studies to care for dad, and Marica his wife attending to him hour by hour) they agreed to do all that Ps Leo said to do.

That very same night after prayer the true test of faith came to the family. Tevita was ordered back into Wainabokasi Hospital in Nausori again as Doctors and nurses held him in grave danger. His blood levels were at an acute level of 31.6 and they said he had to be taken in. The family very worried, were grasping now for a miracle. Unbeknown to them, it was just around the corner!! (Meanwhile much prayer and fastings were happening for Tevita around the clock).

Ps Leo praying for Tevita - as he was here in a state of grave danger

FAITH TO MOVE
MOUNTAINS ..

Tevitas left leg was paralysed

6th December 2012

It was a few days later on the 6th December that Ps Leo and the Team went to visit Tevita in Hospital. Marica, his wife told Pastor that they had all witnessed an amazing phenomenon..

After Ps Leo prayed, the hospital had taken him in early evening and his blood levels were at an acute level of 31.6. But by the very next morning the levels dropped to 25 and dropping quickly. Later that afternoon it had dropped to 12 and over the next day and a half it had reached an amazingly normal blood level of 6. Oh the amazing relief and joy in the family's hearts as they realised that the Almighty God was outworking his healing power on Tevita right under their watchful eyes. Ps Leo and the team and the Kalou family rejoiced together to see the Almighty's hand move upon the precious life of Tevita and to know that with God - all things are possible to those that dare to believe in Him! To God be all the glory !

Tevita with Pastor Leo a week after having prayed and fasted for him..

Jesus said "If you
have faith as a
mustard seed you
will say to the
mountain 'move'
and nothing shall
be impossible for
you.."
