Dear Pastor Leo, Sister Mari & Brother Joseph,

Praise the Lord, AMEN.

I thank you whole heartedly for your indulgence, prayer, love, kindness and blessings for my family both in USA and in Fiji.

My husband Eddie is staying an extra week in New Zealand to celebrate Easter with his families who he met after ages but he sends his biggest Vinaka Vakalevu to you for the miraculous healing that saved him from surgery and diagnosed as no sign of Cancer. Indeed, it is time for celebration and thanksgiving to our loving god.

I would also, on behalf of my whole family in USA and Fiji, take this opportunity to thank you for praying for my sister Mrs. Nisha Sandhu who did have a surgery but has been diagnosed free from Cancer. May I request, Pastor Leo to please continuously pray for Nisha's speedy recovery and some other matters she had shared with you via phone call. After speaking to Nisha before her surgery I felt that she had tremendous faith and I know that without that faith and your prayers such results were not possible.

I am also requesting that you add Nisha, Jasmine and myself on your contact list so we may receive more spiritual guidance from your ministry.

Once again my heartiest thanks and praise the lord!!

In full faith.

Zarina

Dear PLeo and Sister Mari

Praise The Lord

I would like the world to share How I got healed.

I had pain in my right lower back and side of my stomach about month ago.

I visited my doctor and he quickly arranged me to get CT Scan at the hospital and after the results my doctor told me I have to go for ultrasound (xray) cause he could not be able to see clearly what the Ct scan showed.

After the ultrasound results I went to see my doctor again for he then told me that I had tumor in my left ovary and some cysts around it. He said maybe cancer.

So I had a meeting with the surgeon who has 20yrs of experience told me I need to go for surgery. He said after surgery he will send everything for biopsy. I was very scared and nervous. I cried and prayed and told my family. Then a day later I heard about Pastor Leo from my daughter-in-law's mother, Zarina Begum in Fiji Islands who called me and told me how Pastor Leo is a spiritual Healer who prays and heals the needy and sick patients.

Not letting another day go, I called Fiji islands and spoke with Mari. She took all the info and asked me send an email an explain my medical condition.

Then next day I spoke with Pastor Leo.

He asked me if I believe Lord Jesus. I said 'yes, of course.' He said 'have faith,' and 'I will start my healing prayers, sister' and 'don't worry, you will be healed'. He prayed, and with his healing prayers he told me I don't need surgery, 'you are already healed.'

I had the date set for surgery in few days. I did go for surgery and everything went well. After a week I had doctor's appointment to have my stitches removed.

My husband and I sat and asked the doctor about my lab reports and tumor. What a surprise! He said there was nothing, no tumor, no cancer, within a month! Praise the Lord.

I waited for the results and then called Pastor Leo and thanked him and Mari. I can't thank The Lord enough for this Miracle and blessing I received.

All I know you have faith anything is possible. Last, but not least, I would like to address to all the people out there believe in the Lord for He is your Saviour, and He will take care of you.

Pastor Leo and Mari thank you so much, and may God bless you, and give you more strength for all the hard work you are doing for your people.

Prayers are very powerful.
